SUMMARY

I am **Getoar Nishefci**, a Software Developer with **3 years of experience** in building and maintaining web applications. Skilled in **React, Next.js, Node.js, GraphQL, Prisma, and SQL databases (MySQL & PostgreSQL)**, with a strong focus on writing clean, scalable, and maintainable code.

EXPERIENCE

Jul 2023

Software Developer

Pabau software, Kosovo

Worked extensively with **React, Next.js, GraphQL, Prisma, Node.js, MySQL, and PostgreSQL**, building scalable front-end and back-end solutions.

- **Frontend:** Built and optimized **reusable components, custom hooks, and helper functions**, improving maintainability and speeding up feature delivery.
- Developed and maintained new features, resolved bugs, and delivered engineering tickets efficiently.
- Implemented **bridge APIs and middleware interceptors** to streamline integrations and improve system performance.
- Wrote **end-to-end tests with Playwright**, ensuring high code quality and reliable product releases.
- Actively participated in **code reviews**, contributing to best practices and maintaining clean, maintainable code.
- Mentored **interns**, supporting their technical growth and integration into the team.

EDUCATION

2021

Bachelors of Computer Science

UBT College – Higher Education Institution, Prishine,Kosovo

Computer Science with a focus on **software engineering, algorithms, database systems, mathematics, and application development**. Developing both theoretical knowledge and practical skills in designing and building software solutions.
